The Investment Banking Deal Competition on Campus

The Deal is a competition for college students that simulates the dynamics and decisions of Investment Banking. It is a hypothetical acquisition based on the actual market. You'll face the same challenges that our Investment Banking teams encounter. You'll work in a team of 3-5 members and assume the role of the financial advisor to the Board of Directors of a publicly listed consumer product company of your team's choice.

You'll have 100% responsibility as a team to prove that you have the resilience we look for and prove that you can work together as a team. It's tough but it's rewarding. Impress us and you might be rewarded with a **final interview for an Investment Banking Summer Internship position in Asia.**

Registration closes: June 2, 2013
